Go Charge battery chargers are an affordable, reliable and safe battery charging system designed for everyday use. The system is engineered for users who need a charging system on an occasional basis and may not want or need the capabilities of a heavier duty and higher amperage product. The system delivers superior value to customers.

### Features of Recreation Series Battery Chargers:

- Approved for Wet Cell and Absorbed Glass Mat (AGM) batteries
- Designed for use in fresh and salt water
- Dependable, rugged construction and waterproof
- Independent outputs and fully automatic
- Battery maintenance mode
- Two year warranty
- DC charge cables = 5ft and AC power cord = 3ft
- CEE approved and meets ISO 8846 Marine standards
- Models available to charge 12-36V systems
- LED lights indicate “Each Battery’s” state of charge
- Reverse polarity protected and no installation restrictions
- Ignition protected (US Coast Guard 33 CFR 183.410)
- FCC 15 Parts A and B Interference Compliant

---

## Battery Charging Systems Designed for Everyday Applications

- Affordable, Reliable and Safe
- TROUBLE FREE—Just Plug It In and Forget It!
- Join Over 750,000 of Our Satisfied Customers!
- Wide Variety of Applications

May be used in many types of everyday applications including: Bass Boats, Runabouts, Pontoons, Other Watercraft, Automobiles, ATVs, Golf Carts...
